Life ... precious from the start

November 21, 2013

Richard Kroll
Life Leadership Group

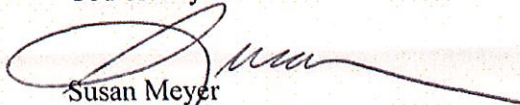

Dear Richard and Sweet Friends in the Life Leadership Group,

This letter is written with a grateful heart for the incredible donation of material items received through your selfless efforts and giving hearts. The items donated will be distributed to needy women and their children and are given to the pregnant women who live onsite in our residential program.

We would be remiss if we didn't extend our thanks to the Life Leadership organization for encouraging its members to reach out beyond your group into the community to shine God's light brightly in acts of giving, service and love. Your support is deeply appreciated. I pray that God continues to bless your business family with His spiritual and financial abundance in response to your faithfulness. Isn't it amazing how beautiful are the hearts and hands of the Body of Christ united in our love for Him.

I close this with gratitude and thanks on behalf of all the women and children and ministry staff at Abigayle Ministries.

God bless you!

Susan Meyer
Community Relationship Manager
