Dear Mrs. Woodward,

Thank you for your prayers and your generous gift of _____ for the ministry here in Chicago. We are grateful for your partnership in the gospel as you pray and give so that God's Kingdom can be expanded around the world.

Your investments of prayer and financial support enable us to serve and live out God's heart for the poor in our city. This past weekend, we met with over 80 of our Partner Ministries to gear up for the upcoming Box of Love outreach on November 19. After the meeting, we hosted a "Listening Lunch" where they shared with us all that God is doing in their community.

This year, we have added a third day to our S.A.Y. Yes! program where students can come to the Agape Center for one of two electives: dance class or cooking class. The cooking class attracted 12 boys! Last Monday was the first day. They decorated their apron, heard the guidelines for the class and was divided into cooking teams. Each Monday, they will prepare a meal for breakfast, lunch or dinner. On the fifth week, they will prepare a meal and invite the parents to "taste" what they have learned! During that time, we will invite the parents to "taste and see" what God has in store for them.

As we begin this new ministry year and a season of transition - new City Directors (see enclosed newsletter) - we look forward to what God has in store as we continue to proclaim the Good News! Thank you for helping us do that!

May the joy of the Lord be your strength as you continue to pray, serve and give of your resources.

Sincerely yours,

Marc Henkel
Co-Director
